450 North Powerline Road

Pompano Beach, Florida 33069

Brigitte will present the latest threats radical Islam poses to our safety and security, including...

- Iran's relentless march to a nuclear bomb, and why this threatens more than Israel.
- The increasingly militant - and successful - effort by Islamists worldwide to criminalize any criticism of Islam.
- How the various actions and overtures taken by the Obama administration are putting us at greater risk - and why.
- How Islamic Sharia Law is creeping into America.
- The threats posed to us by terrorist cells and Islamist compounds right here in America.
- The strategies and tactics ACT! for America is employing to effectively fight back against these threats.

The church is located 4 1/2 blocks north of Atlantic Boulevard on the east side of Powerline Road.
